Help Advance Your Finance Career

The Finance Bachelor’s degree courses are designed to advance your knowledge and skills to succeed as a financial professional in today’s market—from learning how to evaluate an institution’s financial policy and detecting fraud in financial statements to understanding business laws and examining moral and ethical issues that arise in business. Our graduates feel confident advancing their careers into positions such as financial analysts and finance managers.

With Flex Choice® you can take advantage of competency-based education (CBE), which focuses on efficiency and relevancy by combining self-paced courses, project-based assessments, and real-world scenarios.

Your Career in Finance

Through career-focused curriculum and practical, hands-on opportunities in your courses, you can prepare for a successful marketing career across a wide range of businesses. Our program is designed to help you gain the relevant finance skills that employers seek and set yourself apart in the market.

¹Completion time is dependent on transfer credits accepted and courses completed each term.
Benefit from advanced curriculum led by experienced faculty members that delivers the relevant knowledge and skills needed to advance your career as a financial professional. Upon completing your degree, you are able to:

- Develop a financial management strategy for new and mature businesses
- Perform a complete valuation analysis of a publicly traded firm
- Create and analyze financial modeling
- Evaluate financial statements and recognize fraudulent activity

GAIN KEY SKILLS

FLEXIBLE LEARNING OPTIONS

You can choose the learning format that best fits your lifestyle with Flex Choice®. You can complete your Bachelor’s degree fully online in as few as 18 months in our Bachelor’s degree-completion format, taught through a blend of traditional and competency-based education (CBE) courses. CBE focuses on defined competencies based on critical skills with faculty interaction and graded instruction.

Entrance Requirements

To be considered for admission, students must hold a conferred Associate’s degree from an accredited institution as recognized by the Department of Education, or students must have successfully completed 60 quarter or 40 semester credits with a grade of C or higher. In addition, students entering the Finance Bachelor’s program must provide evidence of having successfully completed with a grade of C or higher in both Principles of Financial Accounting for Managers and Principles of Finance or course equivalents.

Certifications

To enhance your professional resume even further, our curriculum prepares you to take the Certified Management Accounting (CMA) exam—which is valued by employers.

Accreditation

Rasmussen College is accredited by the Higher Learning Commission. For more information, please visit hlcommission.org or call 800-621-7440.

QUESTIONS?

888-5-RASMUSSEN | rasmussen.edu

1Completion time is dependent on transfer credits accepted and courses completed each term.
2Any student who is not transferring successfully completed Principles of Financial Accounting for Managers and Principles of Finance or course equivalents will be required to successfully complete the required coursework within a regularly scheduled term at the regular non-accelerated tuition rate prior to acceptance into the Bachelor’s degree-completion program.

To learn more about entrance requirements, contact Rasmussen College to speak with a program manager.
