When Healthcare Works Better, It's a Beautiful Thing.

Our Healthcare Management Bachelor’s degree provides you with a strong foundation in business while helping you apply that knowledge toward healthcare administration. Focusing on leadership skills, analytics and strategic decision-making, this respected, reputable program prepares you to lead healthcare teams, understand the mind-set of clinicians and shepherd policy and projects across a variety of healthcare settings.

With Flex Choice® you can take advantage of competency-based education (CBE), which focuses on efficiency and relevancy by combining self-paced courses, project-based assessments, and real-world scenarios.

Your Career in Healthcare Management

Through career-focused curriculum and practical, hands-on opportunities in your courses, you can prepare for a successful career in healthcare management and administration. Our program is designed to help you gain the relevant logistical leadership skills that employers seek and set yourself apart in the market.
