Advocate for the Health and Well-Being of Others
Unlock your potential to better serve patients, families and the community with our Health and Wellness Bachelor’s degree-completion program that can be completed in as few as 18 months.¹
Expand your skills and career opportunities in a variety of healthcare settings, from hospitals and clinics to insurance companies and public and community health agencies. And with in-depth, interactive online experiences, you’ll be prepared to make a difference in a range of careers.

Gain Key Skills
• Holistic Approach to Healthcare—Prepare to promote health, preventive healthcare and individual wellness in a variety of settings.
• Leadership and Management—Develop skills that help prepare you to lead and manage effectively in any healthcare environment.
• Public Health Insight—Gain necessary tangible skills and provide healthcare knowledge on key public health initiatives and concerns as they impact communities.
• Wellness Advocacy—Learn to successfully advocate for and educate patients, families and the community on wellness topics through a holistic approach.

Flexible Learning Options
With Flex Choice® you can take advantage of competency-based education (CBE), which focuses on efficiency and relevancy by combining self-paced courses, project-based assessments, and real-world scenarios.

Potential Careers
• Patient Services Manager
• Clinic Manager
• Health Coach
• Public Health Educator/Advocate
• Wellness Educator

Entrance Requirements
To be considered for admission, students must hold a conferred Associate’s degree from an accredited institution as recognized by the Department of Education, or students must have successfully completed 90 quarter or 60 semester credits of college-level coursework with a grade C or higher.²

¹Completion time is dependent on transfer credits accepted and courses completed each term.
²To learn more about our complete entrance requirements, contact Rasmussen College to speak with a program manager.
See rasmussen.edu/SID for information about educational debt, earnings, and completion rates.
Your Career in Health and Wellness

Earn the credential you need to help further your career. In our program, you enroll in major and core courses every step of the way so you are prepared to succeed in your industry.

Career options include positions such as patient advocate, care coordinator, community health worker, clinic coordinator and medical and health services manager.

To plan for your future, check out the career titles that coincide with our credential and browse the growth and salary data projected by the Bureau of Labor Statistics.¹
