Advance Your Nursing Skills From LPN to RN

Developed for current licensed practical nurses (LPNs), our Professional Nursing Mobility Bridge Entrance Option can help LPNs progress into an advanced career as a registered nurse (RN). LPN education and experience provide the foundation for this advanced role, while the mobility entrance option provides credit transfer opportunities. You can then complete the additional education required to take the NCLEX-RN exam and become eligible to practice as an RN in as few as 12 to 18 months.¹

Applicants entering this program using the Mobility Bridge Entrance Option must possess a current, unencumbered LPN license that is valid in the United States.

Gain Key Skills

Learn to provide exceptional patient care with professional confidence under a more advanced scope of practice:

• Gain experience in hospitals, clinics, and a variety of nontraditional settings
• Learn to collaborate and manage care with all members of an interdisciplinary healthcare team
• Prepare for independent nursing judgment based on sound clinical decision making, care interventions and evidence-based practice

Flexible Learning Options

To offer a more flexible schedule and help you save money, we offer Flex Choice—an option that allows you to combine traditional courses and optional self-directed assessments in order for you to earn your degree with more flexibility and affordability.

Exam Preparation

NCLEX-RN preparation begins the minute the program does, so you can earn the license you need to become an RN and start improving patients’ lives.

Nursing Program Entrance Requirements

In addition to meeting all other admission requirements, applicants to this program must successfully complete and pass a criminal background check.²

Approvals and Accreditation

The Rasmussen College Professional Nursing Associate’s degree program in Florida, Illinois, Kansas, Minnesota and Wisconsin has received programmatic approval from that respective state’s Board of Nursing. Rasmussen College is accredited by the Higher Learning Commission.³

¹ Completion time is dependent on transfer credits accepted and courses completed each term.
² To learn more about complete enrollment requirements, contact Rasmussen College to speak with a program manager.
