ACCOUNTING BACHELOR'S DEGREE

Today's businesses are facing increasingly complex financial requirements and need professionals who are skilled in accounting-specific areas to lead them through these challenges. As an Accounting Bachelor's degree graduate, you will be prepared to be a future business leader and follow a stable career path that typically allows for industry and career mobility.

DEGREE OVERVIEW

Your coursework is focused on giving you a premier education in critical accounting areas, along with practical and hands-on experience using the most current industry software. With courses that cover international accounting, accounting information systems, ethics, and forensic accounting, as well as our employer-based internship program where you can apply classroom knowledge and skills in a real-world environment, you will feel comfortable tackling some of today's most challenging accounting projects.

Plus, if you have earned course credits from another college, our seamless transfer policies allow you to incorporate those credits into your Accounting Bachelor's degree so you can complete your degree more quickly.

CAREER OUTLOOK*

The demand for highly-qualified accountants continues to grow. Our Accounting Bachelor's degree graduates have the knowledge, skills, and experience that employers want in employees.
