HEALTH INFORMATION TECHNICIAN

Play an Essential Role Analyzing and Managing Patient Data

Prepare for a successful career as an HIT professional in as few as 18 months with our Health Information Technician (HIT) Associate’s degree.¹

You’ll learn through a sophisticated virtual lab that provides firsthand experience in real-world situations encountered in a variety of healthcare settings, including insurance companies, technology firms, government agencies and both in-patient and ambulatory healthcare systems. Your coursework will prepare you for a wide range of roles, such as a quality improvement analyst, health data analyst or an EHR implementation specialist.

Gain Key Skills

Hands-on classroom exercises and applied learning help you develop the confidence and practical experience that employers value, including in-demand skills such as:

• Understanding the healthcare system and how to communicate so you can be an effective partner in a healthcare team
• Managing patient-specific data to protect patient confidentiality and privacy
• Adapting to changes in healthcare technology so you are prepared to work in many health information roles
• Navigating an electronic health record system so you can confidently step into a career in a variety of healthcare settings

Flexible Learning Options

Our Health Information Technician Associate’s degree program is offered with Flex Choice® which allows you to take self-directed assessments alongside your traditional courses to earn your degree with more flexibility and affordability.

Certification Exam Preparation

Our industry-experienced instructors and the program coordinator offer personal guidance to help you prepare for your national certification exam, the Registered Health Information Technician (RHIT) exam.

Accreditation

The Health Information Technician Associate’s degree program offered at the Brooklyn Park/Maple Grove, Bloomington, Eagan, Lake Elmo/Woodbury, Mankato, and St. Cloud campuses in Minnesota; the Aurora/Naperville and Rockford campuses in Illinois; the Green Bay campus in Wisconsin; and the Rasmussen College Online Program is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM).

CAHIIM
233 North Michigan Avenue
21st Floor
Chicago, IL 60601
